The fleet brings the report that General Berti's troops are well, that they are entrenched outside of Agua Dulce and are very enthusiastic. General Salazar, governor of Panama, informs a representative of the Associated Press that he has received a note from the revolutionary general, Herrera, saying that he is willing to accept some peace proposals. General Salazar will send commissioners who will offer General Herrera the terms contained in the recent decree issued by President Marroquin. These commissioners will probably go to meet General Herrera on the United States service steamer Ranger, permission for this purpose has been asked from the Washington authorities by United States Consul Gudgeon by cable dispatch. CHINA'S TARIFF QUESTION IS NOW SETTLED.

SHANGHAI, July 25.—The viceroy of Wu Chang has received the Chinese government's sanction for the plan of Sheng, one of the Chinese tariff commissioners, which was approved by the viceroys for the entire abolition of the likin throughout the empire, thus securing free transit of all merchandise, native and foreign. Sheng's scheme provides for increased import duties and according to some reports also for increased export duties and the Chinese government proposes that this condition shall be included in the British commercial treaty now being negotiated. This plan not only abolishes the likin, but declares that the ancient recognized inland customs shall be scheduled and that the number of stations shall not hereafter be increased while the whole inland system will be placed under the supervision of the imperial maritime customs, thus securing good European management.

CHOLERA RAGING IN EGYPT.

LONDON, July 25.—In a dispatch from Cairo, Egypt, the correspondent there of the Daily Telegraph says that the utmost consternation prevails, owing to the terrifying progress of cholera. All hope of localizing the disease, says the correspondent, has been abandoned and there is no doubt that Egypt will have to meet a devastating epidemic. The disease appeared Thursday in practically every quarter of Cairo, 42 new cases being recorded. Several natives fell dead at their work. Temporary hospitals are being erected. The British regiments at Cairo will leave to camp in the desert at the earliest moment. Slightly better reports, according to the Telegraph's correspondent, have been received from Upper Egypt.
